FPV+*Giardia Lamblia* Antigen Combo Rapid Test

VIFPG-625

PRODUCT ADVANTAGES

Fast results in 10 minutes
Easy visually interpretation
High accuracy

	Sensitivity	Specificity	Accuracy
FPV Ag	94.55%	96.47%	95.71%
Giardia Ag	96.15%	96.39%	96.30%

The FPV+Giardia combo rapid test detects both pathogens in fecal samples, allowing quick differentiation of viral vs. parasitic causes of diarrhea. This dual test helps streamline diagnosis and timely intervention for overlapping gastrointestinal symptoms.
